NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of muster, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of muster, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

Eagleville, Mo., Mar. 18<sup>th</sup> 1864.

General: Pardon this intrusion, if you please. You will recognize in the undersigned, the 2<sup>nd</sup> Lieutenant of Co. A., 35<sup>th</sup> Mo. Vols. I ask for some information which I hope you will impart to me, and oblige a sick soldier. I am at this time at my home in North Missouri, confined to my room by disease contracted in the South, while in the service of my country. The condition of my health is such that my physician tells me that it will not be prudent for me to go South again during the coming Summer - my Regiment being stationed at Helena, Ark. Can I, by going to St. Louis, effect my resignation (and settlement with the government) on the grounds of disability - my Regiment being in the South. Can I get a transfer to the Invalid Corps, should I desire it, under the above circumstances and reasons. I will inform you that I obtained a 'leave of absence' based on Surgeon's Certificate and approved by the Medical Director, that change of location is necessary &c. &c.

I have regularly reported to my  
Regiment (and the Adj't. Gen'l. U.S.A.)  
every twenty days. I am willing  
and anxious to serve the country  
in any capacity that I can; but at the  
same time if my health will not  
permit me to occupy my position,  
I do not think right that I should stand  
in the way of another, who would,  
perhaps, fill the place better than  
myself.

By giving me the desired  
information, you will confer  
a favor that will place me under  
lasting obligations. I have the  
honor to remain,

Yours Obedt. Serv't.

## ARTICLES OF WAR.

ART. 85. When any non-commissioned officer or soldier shall lie, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he had personally, and of the arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take account of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they so depart, quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be accounted for, and paid to, their respective representatives.

## DIRECTIONS.

NOTE 1.—One copy of the inventories of the effects of deceased non-commissioned officers and soldiers, required by the 85th Article of War, will be forwarded to the Adjutant General, by the commanding officer of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. Both inventory and final statements should be forwarded, as a general rule, through Regimental Headquarters. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish, direct to the Adjutant General, the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of \_\_\_\_\_, late of company \_\_\_\_\_, regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 1863." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported on the blank for inventory.

NOTE 2.—Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

NOTE 3.—In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds duly examined by the Council and commanding officer, (Form 5) accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of \_\_\_\_\_, late of company \_\_\_\_\_, regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 1863."

NOTE 4.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, the receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 5.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him. One copy should be sent direct to the Adjutant General and one retained by the officer.

HEAD QUARTERS, STATE OF MISSOURI,

Adjutant General's Office,

St. Louis,

Oct 1<sup>st</sup>

1863

Captain

Your letter of the 24<sup>th</sup> ult<sup>o</sup> regarding the case of Louis Vance of your regiment is received.

Par 11 of War Dept General Order No 182 upon which the mustering officers decision is based. states that "all officers in the enumerated grades now properly in service. will be retained until the said grade becomes vacant by the usual casualties of the service."

This order was issued Jan 20<sup>th</sup>. Vance was ~~com-~~  
-missioned July 7<sup>th</sup>. and it is to be supposed entered immediately upon the performance of his duties. before the receipt of the order above named at the post where he was stationed — The fact of his being discharged as an enlisted man evidently proves this. Else his Department Commander would not have directed his

Discharge to be made.

The Adjutant General of the Army says that the general tenor of the order "is not to include officers now properly in service.

It is my impression, therefore, that if General Order No 182 has not been, at the time of France's discharge as an enlisted man, an assumption of the duties of an officer, properly promulgated in your Department, he will be ordered to be mustered in by the War Dept. if the matter is carried that far. Otherwise his discharge as an enlisted man, still holds good and he is out of service.

Very  
Respectfully  
Your  
Captain

# ARTICLES OF WAR.

121. When any non-commissioned officer or soldier shall die, or be in the service of the United States, the then commanding officer of the company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. In case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to the representatives for the same, have occasion to leave the regiment or company, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the military agent, all the effects of such deceased non-commissioned officer and soldiers, in order that the same may be accounted for, and paid to the respective representatives.

## ARMY REGULATIONS—EDITION OF 1861.

### DECEASED SOLDIERS.

122. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 55th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the nearest of the regiment. Final statements of pay, clothing, &c., will be sent with the inventory. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, giving the date, place, and cause; to what time he was last paid, and any other effects in his possession at the time of his decease; a report will be noted on the next muster-roll of the company to which he belonged. Each inventory will be endorsed, "Inventory of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—." If a legal representative receive the effects, it will be stated in the report. If the deceased has no effects, the fact will be reported.

123. Should the effects of a deceased non-commissioned officer or soldier be administered upon within a short period after his decease, they will be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they are claimed by the legal representatives of the deceased.

124. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the effects of \_\_\_\_\_, late of company (—) \_\_\_\_\_ regiment of \_\_\_\_\_, who died at \_\_\_\_\_, the \_\_\_\_\_ day of \_\_\_\_\_, 186—."

125. The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the representative of the deceased, before these inventories are sent to the Adjutant General, their serial number should be attached to the inventories. In all other cases, they will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

126. Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

*Assistant Adjutant General.*

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1*, *2*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charges; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

A certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Camp Young's Point March 20 1863

Captain J. E. Prime  
Chief of Engineers

Sir

In replying to your inquiry relative to Sgt. L. Nickmann I submit the following statement to your consideration and request you to communicate the same to the General Commanding.

According to the Order 1st signed by Maj. Gen. H. S. Grand Capt. J. H. Traeger Co. D. 5 Regt. Co. at that time being an a sick furlough for detailed for recruiting service, and directed to report directly to the recruiting Superintendent at St. Louis but did not report until the end of Feb. when he was informed that he was not being needed; he then transferred said Order to Sgt. L. Nickmann at that time also being on a sick furlough for 20 days at St. Louis commencing Aug. 19 62. Said Sergeant L. Nickmann has been recruiting ever since up to this day, but without sending one single recruit to the Company, therefore to consider it scandalous for a sergeant being on recruiting service for months, detailed for the special interest of his Company, not doing the least, not to communicate with the same, and request you very earnestly, that said Sgt. L. Nickmann will be ordered to join his Company directly or considered a deserter and his place be filled with another qualified man.

Another statement I lay before you relative to Capt. J. E. Hoenseler; after having received his D. C. 441 in due time at Corinth and was ordered to leave immediately disobeyed said Order and left same time after.

What has he done since that time or what will he do? I frankly answer Nothing. He knew it very well expressed himself, that he could not do anything; but why should he not go home and enjoy life in his

family, why not make a show again as he had done before as an Engineer Officer; had planned so many fortifications and had so much writing and planning to do that his eyes got so weak to compel him to wear spectacles; although in fact he never did the least in the Company; When he joined the Co. he was smuggled in as a Lieut made a promise he did not fulfill, and after serving a little while seeing that he could not agree he procured himself a sick leave, did not report back in due time and after arriving got sick again for the sake not to come in conflict with his Captain, who wanted him to do a little for his pay.

When I received my Commission and he had the Command of course upon me was thrown all the duty that had to be performed I was in fact the Officer for duty and he the gentleman.

I therefore simply ask does this agree with the public service; is this consistent with a Captain of a Company who ought to act as its father; to be wherever the Company would be, instead of speculating, having to manage it to be independent; to live at his pleasure; and who in reality did not do duty exceeding 3 months ever since he joined the Co?

Not personal interest urges me to make this statement no ambition leads me for the Captaincy, but the call of my Country placed me in the ranks of the three months men and after expiration at that time was the first Private again in the present Company and I am willing to serve in any capacity; but to see a man any direct superior act in such a miserable way, ask another private for his assistance, while it never will be any benefit for the public service keeps as far as possible from his Camp, where,

he

he ought to be with it, while other men  
ought to be promoted, who deserve it; but who are  
retained by a man that has only sold intoed in  
his view, this is my complaint and I request  
you do, and give this matter either to him or  
with his Company or resign his position

Very respectfully  
Yours Obedt Servt

# FINAL STATEMENT

OF

*Private Henry Cox*  
*E. 35 Reg't of Missouri Infantry*

VOLUNTEERS.

*Died Mar. 10, 1863.*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss of baggage, injury to baggage, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Discharges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Butler and Landress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When a *probable* case for pension, *special* care must be taken to state the *degree* of disability—as *1*, *2*, *&c.*, *&c.*; to describe particularly the disability, wound, or disease; to the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority is in charge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. s. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, alcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or company commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the receipt of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.  
NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in will mean, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1891.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

I have the honor  
to request that a furlough of thirty days  
be granted to Corporal James R. Wilson of Co. H.

for the last two months with but partial benefit, and  
in my opinion a change of climate is necessary

# FINAL STATEMENT

OF

David Wright

35 Reg't of Infantry

## VOLUNTEERS.

1000 Sept 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each volunteer soldier who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact, and also to the time he has pay due for having been so mounted on his own horse.

For the honor to submit the following case for the  
consideration of the Hon. Gen. S. Salomon.  
Philip Wagner formerly of the 1st Regt of Ark. Inf. was  
in the 1<sup>st</sup> Regt of Ark. Inf. 1863. He, as well as the others in the  
Regt, enlisted on the 3<sup>rd</sup> of Feb. 1862 and was transferred to  
the 3<sup>rd</sup> Regt of Ark. Inf. during the month of March. He  
well satisfied that at the time of his transfer he was not  
of this transfer but was under the impression that, as the 3<sup>rd</sup> of  
Feb. 1862 was mustered out of the service, he was at liberty to go to  
his home. He remained at his home without to hide himself  
at Aug. 2<sup>nd</sup>, 64 when apprehended and sent to his Regt at Little  
Rock. Tried as deserter before a C.M. which occurred at Little Rock  
pursuant to C.M. No. 1. S. & I dated Aug. 2<sup>nd</sup>, 1864. He was sentenced  
to lose all pay and allowances until Sept. 1<sup>st</sup>, 1864 and was  
given 30 months lost by desertion. Philip Wagner was always  
an honest and faithful soldier. He has a large family in the  
most almost starving circumstances and as he is at home

I CERTIFY ON HONOR, That I have carefully examined the above named Recruit, agreeably to the General Regu-  
lations of the Army, and that in my opinion he is free from all bodily defects and mental infirmity, which would, in any way  
disqualify him from performing the duties of a soldier.

*J. A. Benson*  
Examining Surgeon.

I CERTIFY ON HONOR, That I have minutely inspected the Recruit, *James M. Youngman*  
previously to his enlistment, and that he was entirely sober when enlisted: that, to the best of my judgment and belief, he is  
of lawful age: and that, in accepting him as duly qualified to perform the duties of an able-bodied soldier, I have strictly ob-  
served the Regulations which govern the recruiting service. This soldier has *blue* eyes, *dark* hair, *light*-  
complexion, is *five feet five* inches high.

*Lewis V. Norton*  
Recruiting Officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. l. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, countenance, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge" as given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For *Regulations*, Ed. 111.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

The certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out, and sign the surgeon's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to the division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will if the discharge is authorized by the endorsement on the proper paper, see that the soldier is furnished with the proper final receipt in duplicate, and forward BOTH of these copies to the Adjutant General United States Army at Washington, D. C., they will not under any circumstances be given into the hands of the soldier.
